We think it's a simple truth. The earth's most delicious, most healthful foods are made when farmers work in harmony with nature.

Since our beginning in 1988, we have remained true to the simple and the delicious. Ever mindful of the demands on modern families, we've made organic milk last longer—while capturing true farm-fresh taste. Mix with water for a satisfying Nonfat Milk, or choose Organic Valley Buttermilk Blend as the secret ingredient for the most heavenly pancakes on this earth!

We have reinvigorated America's love for family-farm products, and rekindled the love of farming, thanks to your support!
